- b. Year-end championship awards will not be awarded unless the region conducts a minimum of three points events.

2. Classes of Competition: Classes of competition on points events will be determined by the rally cross chairman. The classes will be drawn from one of the following three(3) groups:

3. Member's Qualified Points: A determination of a member's qualified points for a year-end championship award will be accomplished or effected by the following:

- a. A member's best finishes in 75% of the region's declared points events or best 6 finishes, whichever is less, will be counted toward a year-end championship award. Note! - A 75% multiplication factor resulting in a .5 event will be rounded up. Example: 6 events x 75% = 4.5 = 5 events to be counted toward an award. Otherwise, events will round up to nearest whole number.
- b. Points will be counted only for Indianapolis Region members. Anyone who joins on or before September 1st in a given year will receive points for those events run as a non-member. Anyone who joins after September 1st in a given year will receive points only for events run after joining the Indianapolis Region.
- c. The member must compete in one given class in a minimum of three (3) or 50% of the region's rally cross points events, whichever is less. (Round up for odd number of events).
- d. Members must qualify their points by working one Indianapolis Rally SCCA event or seek work agreeable to the Rally Cross Chairman, i.e., pre-checking, acting as safety steward. The Rally Cross Chairman will be responsible for keeping a record of those people who have fulfilled the work requirement towards year-end point eligibility.
