

MSR will open for the 2021 Solo Season on 04/01/21

For all Events

- MSR is the only way to Register for our events – No walkups with cash or credit card will be accepted on site.

For all **Points** Events

- MSR Events that are Saturday & Sunday events registration will close Friday @ 6:00 PM - You can sign up for: Both days, Saturday Only, Sunday Only, Member Rate and Non-Member Rate options for above days
- We will continue to provide a 2-day discount

For **May and July Fun** Events

- MSR Registration will close for these Events the day of @ 8:15 AM

For **October Fun** Event

- It will be treated like a Weekend Event and registration will close Friday @ 6:00 PM

The one change is a **same day sign up option** for Members and Non-Members through MSR

- This is an improvement over last year as we did not offer a same day registration option
 - An MSR event will open at midnight until 8:15 AM the morning of the event for those who want to join us
 - The rate will \$10 more than the Pre-Registration Rate for both Members & Non-Members

Rate Increase of \$3.00 this year to cover increasing fees and updating of equipment

- Members will have pre-registration price of Single Day \$33 – Two Day \$53
- Members same day registration price for Single Day \$43
- Non-Members pay \$15 over the member fees for both pre-registration and same day registration

Grissom Workday scheduled for 04/17 @ 8:00 AM

- Please join us for a day pre-season prep of the Grissom to repair the concrete and clean-up the surface ... Lunch will be provided

Next investment into the program

- 2021 we are planning to implement a bar code scanner into our timing system like the ones used for the SCCA National Events.
- In short the way it works: We will provide each driver will have a barcode on the left-hand side of their helmet that is their SCCA member number, before you run the barcode is scanned, in the Timing software your name / class / number come up, and the Timing personnel validate.
 - This will eliminate hand keying mistakes and possible number changes on two driver cars
 - Note - if you already have this bar code tag from a National Event, that tag will also work with our Indy Region scanner program
